Viasat Select Ka-band Direct Service

Viasat[™] 

Flexibility to fit your aircraft's operational profile.

Introducing Viasat Select Ka-band Direct Service with monthly service plans starting at \$2,795

Too often, when you take to the skies your internet connection stays on the ground. But Viasat has changed the game. Now, you can access a seamless connection through all stages of flight, even on the ramp. So wherever life or work takes you, get on board with an office-like internet experience.

With Viasat Select Direct Service you'll get out-of-this-world speeds at down-to-earth pricing.

Connect without worry. No speed limits. Unlimited plans. Unlimited access.

A better connection starts in the sky.

Our current satellite network covers 90% of the top business aviation flight paths, over land and sea. And it's only going to get better with the launch of the next generation ViaSat-3 constellation.

-  Current Ka Coverage
-  Ka coverage ViaSat-3A
-  Ka coverage ViaSat-3B
-  Ka coverage ViaSat-3C

Unlimited data plan options.

Take off the speed limits with global and regional Ka-band service plans that give you more GBs for less, including unlimited¹ “Worry-Free” plans. These new service offerings are designed especially for our direct service customers.

With Viasat Select, it's business as usual.

With typical speeds of greater than 30 Mbps, with peaks that can exceed 90 Mbps, there's no limit on what passengers and crew can do.

¹After a 100 GB of data usage for regional service plans or 150 GB of data usage for global service plans, we may prioritize your data behind other customers during network congestion, which will result in slower speeds. Data generated by aircraft health monitoring systems, software or database updates to aircraft systems, and ground data usage that exceeds 25% of your plans total monthly data usage threshold are subject to additional charges of \$100 per GB.

Life doesn't stop. Neither does your connection.
