

## Viasat Text Messaging Customer Terms and Conditions

The Viasat Text Messaging program allows customers to receive text alerts and reminders regarding their Viasat Internet account.

By providing your mobile phone number, you are opting into the Viasat Text Messaging program and you consent to receive autodialed calls or text message notifications, including use of an artificial or prerecorded voice, concerning your Viasat Internet account from or on behalf of Viasat at the mobile number you provided. Viasat or its providers may send a max of 20 messages per month as needed based upon your bill payment schedule or data usage.

Message and data rates may apply. You understand that consent is not a condition of receiving the Viasat Internet service or any other Viasat products or services. Once you have opted into the alerts, you may reply **STOP** to the Viasat message from your cellular device at any time to cancel. For help, type **HELP**.

Compatible carriers include: AT&T, Boost Mobile, Carolina West Wireless, CellCom, ClearSky, C-Spire Wireless, Interop, MetroPCS, NTelos, Sprint, T-Mobile®, U.S. Cellular, Verizon Wireless, and Virgin Mobile.

Alerts sent via SMS may not be delivered if the mobile phone is not in range of a transmission site, or if sufficient network capacity is not available at a particular time. Even within a coverage area, factors beyond the control of the wireless carrier may interfere with message delivery, including the customer's equipment, terrain, proximity to buildings, foliage, and weather. The wireless carrier does not guarantee that alerts will be delivered and will not be liable for delayed or undelivered messages.

To discontinue receiving text SMS messages from Viasat, reply **STOP** to the Viasat message from your cellular device.

Viasat respects your right to privacy. For more information on Viasat's privacy practices, please view our Privacy Notice at <https://www.viasat.com/privacy/>.
