

VIASAT COMMERCIAL PRODUCT AND COMMERCIAL SERVICE STANDARD GOVERNMENT CONTRACT FLOW-DOWNS

The items or services furnished by Seller are for use in connection with a U.S. Government contract or subcontract; and therefore, the following clauses apply, as required by the terms of the prime contract or subcontract, or by operation of law or regulation for the acquisition of commercial products and commercial services. The listed FAR and DFARS clauses are incorporated herein as if set forth in full text unless made inapplicable by its corresponding note, if any. The term "contract" used in the clause shall be modified to mean the contract or subcontract between Viasat and the entity contracting with Viasat referred to as "Seller" or "Contractor," depending on the terms of the underlying transaction. The terms "Government," "Contracting Officer" and "Contractor" shall be revised to suitably identify the contracting parties herein and effect the proper intent of the provision or clause except where further clarified or modified below. The term "subcontractor" shall mean Seller's or Contractor's subcontractor under the purchase order or subcontract between Viasat and Seller or Contractor. With respect to disputes arising between the parties, pending final resolution of any dispute, Seller shall proceed with performance of this contract according to Viasat's instructions so long as Viasat continues to pay amounts not in dispute. The words "Government" and "Contracting Officer" do not change: (1) when a right, act, authorization, or obligation can be granted or performed only by the Government or the Prime Contract Contracting Officer or duly authorized representative, (2) when title to property is to be transferred directly to the Government, or (3) intellectual property clauses. Any inconsistencies between the FAR/DFARS clauses and the foregoing terms and conditions shall be resolved by giving precedence to the FAR/DFARS clauses. In accordance with FAR 52.252-1 and 52.252-2, the following clauses and provisions are incorporated by reference and apply to the purchase order as defined by the respective FAR or DFARS clause or provision. This contract and any matter arising out of or related to this contract shall be governed by the laws of California, without regard to its conflict of law provisions, except that any provision in this contract that is (i) incorporated in full text or by reference from the FAR; or (ii) incorporated in full text or by reference from any agency regulation that implements or supplements the FAR; or (iii) that is substantially based on any such agency regulation or FAR provision, shall be construed and interpreted according to the federal common law of government contracts as enunciated and applied by federal judicial bodies, boards of contracts appeals, and quasi-judicial agencies of the federal Government. Seller certifies that the representations and certifications on file with Viasat on the effective date of the award of the purchase order/subcontract are current, accurate, and complete. Seller shall incorporate into each lower tier contract issued in support of the purchase order all applicable flow-down clauses in accordance with the flow-down requirements specified in the clauses for mandatory flow-downs and for all others as reasonably necessary to protect Viasat and its customers.

ASSUMPTIONS:

*If any of the assumptions change, then additional flow-downs may apply. Seller is responsible for notifying Viasat when it becomes aware of any changes to the assumptions. Seller certifies that the item(s) sold to Viasat have at least 65% U.S. domestic content and manufactured in the U.S. Seller must obtain a written waiver from Viasat's buyer if the item(s) do not conform because Viasat is relying on Seller's compliance as part of Viasat's compliance with the Buy American Act and Trade Agreements Act.
