

Supplier Diversity Program

Small Business Company Policy

Viasat, Inc., has established a Small Business Company Policy regarding our commitment to promote and increase participation of small businesses in our federal contracting and services division. It is our policy to provide subcontracting opportunities with small business concerns in performance of federal contracts wherever feasible and develop positive working relationships with qualified small businesses to meet our client's contract requirements. Viasat, Inc. will endeavor to provide qualified Small Businesses, Small Disadvantaged Businesses, Women Owned Small Businesses, Veteran Owned Small Businesses, Service Disabled Veteran Owned Small Businesses, Historically Under-utilized Small Businesses, Historically Black Colleges & Universities/Minority (HBCU/MI) Institutions, Alaska Native Corporations, and Indian Tribes with the opportunity to participate as suppliers and subcontractors and to help them achieve long-term success by providing real opportunities. In performance of federal contracts, this policy shall provide these small business concerns the maximum practical opportunities in accordance with Public Laws 99-661 and 100-180.

This policy is set by corporate management and administered by all departments and coordinated by our Small Business Liaison Officer. The Small Business Liaison Officer is appointed by the Vice President of Operations in concurrence with the Senior Director of Procurement, and is responsible for working with the Senior Director of Procurement to develop and implement a small business program for the company. All employees involved in government procurement activities are given the responsibility of understanding and implementing the program. These employees are expected to commit themselves its implementation through integration into procurement and distribution strategies, procedures and good faith efforts. Each department is responsible for the collection and provision of appropriate reporting documentation Viasat's SBLO for submission to the required Government Agencies and for the compiling of company-wide statistical reports.

We are dedicated to building long term business relationships with small business concerns and broadening our subcontractor base with quality focused companies.

Should you require any assistance in the implementation of this policy or have any questions, please contact Viasat's Small Business Program Office at SmallBusinessOffice@Viasat.com
